

INS-RAC-WAU

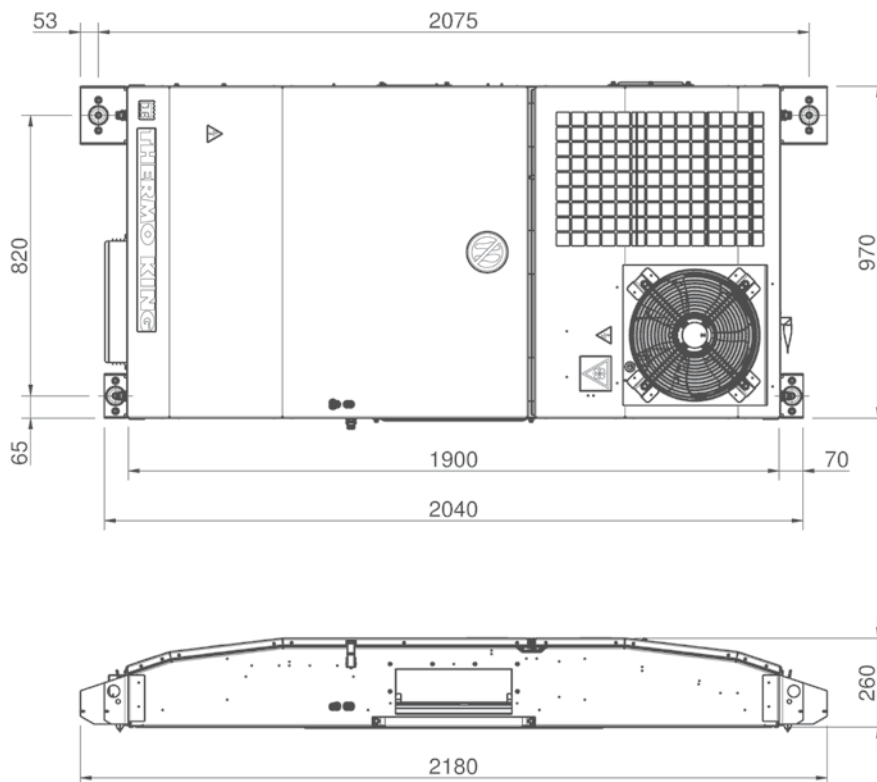

Driver's Cab HVAC Unit

- Low profile driver's cab HVAC unit
- Metro/Subway car applications
- Microchannel condenser coils
- Self-contained, hermetically sealed units
- Easy maintenance

Technical data

INS-RAC-WAU	
Cooling capacity [kW]	5
High ambient performance [°C]	43 °C in full cooling 50 °C in reduced cooling
Heating capacity [kW]	5
Weight [kg]	170
Evaporator Fresh Air flow [m³/h]	30
Evaporator Air flow total [m³/h]	650
Controller	Micro-processor based
Communication to train system	MVB-M
Service communication	Ethernet
Power supply	3 x 400 V AC
Control voltage	110 V DC
Compressor type	Scroll horizontal
Refrigeration system	One circuit
Refrigerant	R407C
Housing material	Aluminium
